

### SAFETY DATA SHEET

### Liquid Hand Soap

According to Preparation of Safety Data Sheets for Hazardous Chemicals Code of Practice, February 2016

| SECTION 1: Identification: Pr  | oduct identifier and chemical identity  |  |
|--|---|--|
| Product identifier   |   |  |
| Product name   | Liquid Hand Soap  |  |
| Internal identification  | PEARLEESB   |  |
| Synonyms; trade names  | Hand soap   |  |
| Relevant identified uses of the substance or mixture and uses advised against  |   |  |
| Application  | Liquid hand cleaner for light duty applications. Toilet areas, public washrooms, etc.   |  |
| Uses advised against   | No specific uses advised against are identified.  |  |
| Details of the supplier of the   | safety data sheet   |  |
| Supplier   | Sampson Chemical Products<br>42 Redcliffe Gardens Drive<br>Clontarf, QLD, 4019<br>+61 7 3283 4511<br>sampson_office@bigpond.com |  |
| Contact Person   | Poisons Information 131126 or Brennan Stark 0428 835 855  |  |
| Manufacturer   | Eco Pro Australia Pty Ltd<br>42 Redcliffe Gardens Drive, Clontarf, QLD, 4019<br>+61 7 3283 4511<br>sampson_office@bigpond.com   |  |
| Emergency telephone numbe  | <u>er</u>   |  |
| Emergency telephone  | Poisons Information 131126 or Brennan Stark 0428 835 855  |  |
| SECTION 2: Hazard(s) identi  | fication  |  |
| Classification of the substance  | e or mixture  |  |
| Physical hazards   | Not Classified  |  |
| Health hazards   | Not Classified  |  |
| Environmental hazards  | Not Classified  |  |
| Label elements   |   |  |
| Hazard statements  | NC Not Classified   |  |
| Other hazards  |   |  |
| This product does not contain any substances classified as PBT (persistent, bioaccumulative and toxic) or vPvB (very persistent and very bioaccumulative). |   |  |

SECTION 3: Composition and information on ingredients

#### **Mixtures**

| Coconut Diethanolamide   | 1-10%   |
|--|---|
| CAS number: 68603-42-9   |   |
| Alcohols, C10-16, ethoxylated, sulfates, sodium salts       1-10%         CAS number: 68585-34-2       1-10% |   |
| SECTION 4: First aid measures  |   |
| Description of first aid measures  |   |
| General information  | If in doubt, get medical attention promptly. Show this Safety Data Sheet to the medical personnel.  |
| Inhalation   | No specific recommendations. If throat irritation or coughing persists, proceed as follows.<br>Move affected person to fresh air and keep warm and at rest in a position comfortable for<br>breathing. Loosen tight clothing such as collar, tie or belt. Get medical attention if any<br>discomfort continues. |
| Ingestion  | No specific recommendations. If throat irritation or coughing persists, proceed as follows.<br>Rinse mouth. Get medical attention if any discomfort continues.  |
| Skin Contact   | No specific recommendations. Rinse with water. Get medical attention if any discomfort continues.   |
| Eye contact  | Rinse with water. Get medical attention if any discomfort continues.  |
| Protection of first aiders   | Use protective equipment appropriate for surrounding materials.   |
| Most important symptoms and  | effects, both acute and delayed   |
| General information  | The severity of the symptoms described will vary dependent on the concentration and the length of exposure.   |
| Inhalation   | No specific symptoms known. Spray/mists may cause respiratory tract irritation.   |
| Ingestion  | No specific symptoms known. May cause discomfort if swallowed.  |
| Skin contact   | No specific symptoms known. May cause discomfort.   |
| Eye contact  | No specific symptoms known. May be slightly irritating to eyes.   |
| Indication of any immediate r  | nedical attention and special treatment needed  |
| Notes for the doctor   | Treat symptomatically.  |
| Specific treatments  | No special treatment required.  |
| SECTION 5: Firefighting meas   | sures   |
| Extinguishing media  |   |
| Suitable extinguishing media   | The product is not flammable. Extinguish with alcohol-resistant foam, carbon dioxide, dry powder or water fog. Use fire-extinguishing media suitable for the surrounding fire.  |
| Unsuitable extinguishing<br>media  | Do not use water jet as an extinguisher, as this will spread the fire.  |
| Special hazards arising from t   | he substance or mixture   |
| Specific hazards   | Containers can burst violently or explode when heated, due to excessive pressure build-up.  |
| Hazardous combustion<br>products   | Thermal decomposition or combustion products may include the following substances:<br>Harmful gases or vapours.   |

| Advice for firefighters  |   |  |
|--|---|--|
| Protective actions during firefighting   | Avoid breathing fire gases or vapours. Evacuate area. Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk. Cool containers exposed to flames with water until well after the fire is out. If a leak or spill has not ignited, use water spray to disperse vapours and protect men stopping the leak. Control run-off water by containing and keeping it out of sewers and watercourses. If risk of water pollution occurs, notify appropriate authorities. |  |
| Special protective equipment for firefighters  | Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. Firefighter's clothing conforming to Australia/New Zealand Standards AS/NZS 4967 (for clothing) AS/NZS 1801 (for helmets), AS/NZS 4821 (for protective boots), AS/NZS 1801 (for protective gloves) will provide a basic level of protection for chemical incidents.   |  |
| SECTION 6: Accidental release  | se measures   |  |
| Personal precautions, protecti   | ve equipment and emergency procedures   |  |
| Personal precautions   | No specific recommendations. For personal protection, see Section 8.  |  |
| Environmental precautions  |   |  |
| Environmental precautions  | Avoid discharge into drains or watercourses or onto the ground.   |  |
| Methods and material for cont  | Methods and material for containment and cleaning up  |  |
| Methods for cleaning up  | Reuse or recycle products wherever possible. Absorb spillage to prevent material damage.<br>Flush contaminated area with plenty of water. Wash thoroughly after dealing with a spillage.<br>Dispose of contents/container in accordance with national regulations.  |  |
| Reference to other sections  |   |  |
| Reference to other sections  | For personal protection, see Section 8.   |  |
| SECTION 7: Handling and stor   | rage, including how the chemical may be safely used   |  |
| Precautions for safe handling  |   |  |
| Usage precautions  | Read and follow manufacturer's recommendations. Wear protective clothing as described in Section 8 of this safety data sheet. Keep away from food, drink and animal feeding stuffs. Handle all packages and containers carefully to minimise spills. Keep container tightly sealed when not in use. Avoid the formation of mists.   |  |
| Advice on general  | Wash promptly if skin becomes contaminated. Take off contaminated clothing and wash   |  |
| occupational hygiene   | before reuse. Wash contaminated clothing before reuse.  |  |
| occupational hygiene<br><u>Conditions for safe storage, inc</u>  | before reuse. Wash contaminated clothing before reuse.  |  |

possible.

with an approved standard should be worn if a risk assessment indicates eye contact is

| Hand protection                    | No specific hand protection recommended. Large Spillages: Wear protective gloves.   |
|------------------------------------|---|
| Hygiene measures                   | Wash hands thoroughly after handling. Wash at the end of each work shift and before eating, smoking and using the toilet. Do not eat, drink or smoke when using this product. |
| Respiratory protection             | No specific recommendations. Provide adequate ventilation. Large Spillages: If ventilation is inadequate, suitable respiratory protection must be worn.                       |
| Environmental exposure<br>controls | Not regarded as dangerous for the environment.  |

#### SECTION 9: Physical and chemical properties

| SECTION 9: Physical and chemical properties           |  |
|---|--|
| Information on basic physical and chemical properties |  |
| Appearance  | Slightly viscous, pearlescent liquid   |
| Colour  | White.   |
| Odour   | Fragrant.  |
| рН  | 6.5 - 7  |
| Specific Gravity                                      | 1.00   |
| Flammability (solid, gas)                             | Not applicable.  |
| Solubility(ies)                                       | Soluble in water.  |
| Other information                                     | Adds moisture to the dermal layer of the skin.   |
| SECTION 10: Stability and re                          | activity   |
| Reactivity  | There are no known reactivity hazards associated with this product.  |
| Stability   | Stable at normal ambient temperatures and when used as recommended. Stable under the prescribed storage conditions.  |
| Possibility of hazardous reactions                    | No potentially hazardous reactions known.  |
| Conditions to avoid                                   | There are no known conditions that are likely to result in a hazardous situation.  |
| Materials to avoid                                    | No specific material or group of materials is likely to react with the product to produce a hazardous situation.   |
| Hazardous decomposition<br>products                   | Does not decompose when used and stored as recommended. Thermal decomposition or combustion products may include the following substances: Harmful gases or vapours. |
| SECTION 11: Toxicological in                          | Iformation   |
| Information on toxicological e                        | ffects   |
| Toxicological effects                                 | Not regarded as a health hazard under current legislation.   |
| <u>Acute toxicity - oral</u><br>Notes (oral LD₅₀)     | Based on available data the classification criteria are not met.   |
| <u>Acute toxicity - dermal</u><br>Notes (dermal LD50) | Based on available data the classification criteria are not met.   |

| Notes (inhalation LC50)   | Based on available data the classification criteria are not met.   |  |
|---|--|--|
| Skin corrosion/irritation<br>Animal data  | Based on available data the classification criteria are not met.   |  |

Persistence and degradability The degradability of the product is not known.

| · · · · · · · · · · · · · · · · · · ·  |  |
|--|--|
| <b>Bioaccumulative potential</b>   |  |
| <b>Bioaccumulative Potential</b>   | No data available on bioaccumulation.  |
| <u>Mobility in soi</u> l   |  |
| Mobility   | No data available.   |
| Other adverse effects  |  |
| Other adverse effects  | None known.  |
| SECTION 13: Disposal considerations  |  |
| Waste treatment methods  |  |
| General information  | The generation of waste should be minimised or avoided wherever possible. Reuse or recycle products wherever possible. This material and its container must be disposed of in a safe way.  |
| Disposal methods   | Dispose of surplus products and those that cannot be recycled via a licensed waste disposal contractor. Waste packaging should be collected for reuse or recycling. Incineration or landfill should only be considered when recycling is not feasible. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of the local water authority. |
| SECTION 14: Transport inform   | nation   |
| General  | The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADG).   |
| <u>UN number</u>   |  |
| Not applicable.  |  |
